

BRANDED ENTRANCE MATS *made from recycled tyres*

UNBEATABLE DURABILITY MEETS STUNNING BRANDING

Why choose our laser-cut recycled rubber mats?

1. **Eco-friendly by design** - we save tyres from landfills, turning them into functional, attractive mats.
2. **Unmatched durability** - these mats last for years, often double the lifespan of conventional carpet rubber mats.
3. **Precision branding** - logos, emblems, messages are laser cut, not printed, so they stay sharp and don't fade.

About Us:

We specialize in custom-branded entrance mats made from recycled tyre rubber. A choice that reflects durability, sustainability, and refined design. From concept to production, we combine eco-conscious materials with precision laser-cut artistry to elevate entranceways across businesses, homes, and institutions. Each mat is engineered to withstand heavy foot traffic while maintaining its vibrant branding and professional appeal.

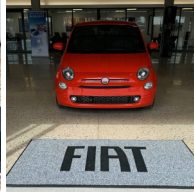

Our innovative use of recycled rubber not only diverts waste from landfills but also delivers superior slip resistance and weather resilience, ensuring year-round performance. Whether you need a bold statement piece for your storefront, a welcoming touch for your office, or a stylish and functional solution for public spaces, our custom mats provide the perfect blend of practicality and aesthetics.

Ideal For / Use Cases

1. Car Dealerships & Service Centres
2. Hotels & Hospitality
3. Corporate Offices & Store Lobbies
4. Schools, Churches & Retail Venues
5. Private Homes – Luxury Welcome Mats
